

March 30, 2011

To whom it may concern:

It is my pleasure to recommend Gina Snow, whom I have had the good fortune to know and work with since Fall, 2009. As director of Academic Technology for Florida Coastal School of Law, I remember how excited I was when I first interviewed Gina for the position of Instructional Designer/Distance Education Coordinator. She was very pleasant and displayed a strong sense of calm competence that later showed in her work. Everyone who works with Gina loves her.

Gina left to join our parent company to serve as system administrator for our consortium learning management system. She has not only helped to create a number of courses for us, she also taught us skills that will help us grow and continue to build our distance education network.

You will be lucky to have Gina as part of your team. If you have additional questions, please feel free to contact me at (904) 256-1105.

Sincerely,

Susie Pontiff-Stringer
Director of Academic Technology
